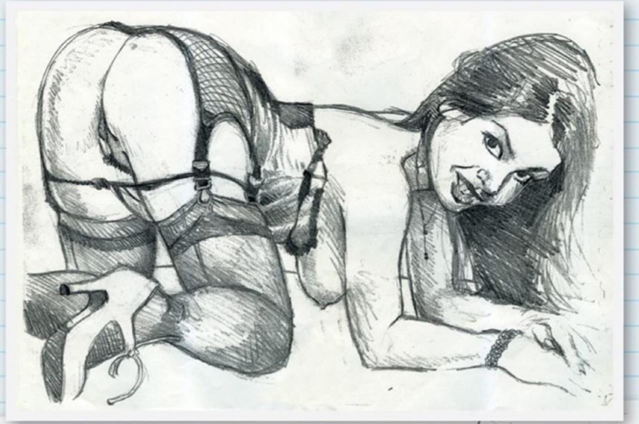
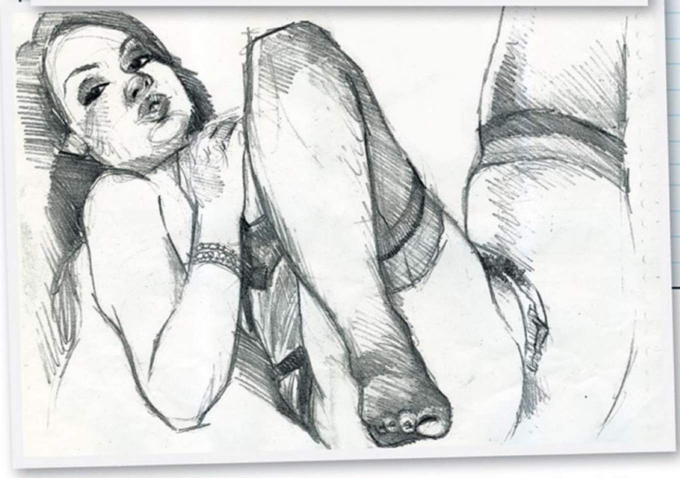
ART FOR TART'S SAKE!





Dear Mayfair,
Here are a couple of drawings I've done of the gorgeous Yurizan Beltran, who I fell in love with the moment I first saw her in your magazine. She just looked so cute and adorable that I couldn't resist sketching her on paper. I picked out two of my favourite photos and sketched away! I hope you like them!
Sam, Suffolk.

Sam, what can we say! Admittedly it'd take a pretty crappy picture of Yurizan not to arouse our interest, but these are bang on! Just for that, we'll be getting her back in the mag before too many moons have passed…

SUPER SUBS

Dear Mayfair,
It's long been a cause of bafflement to me that your subscriptions were so expensive. Every other magazine I know of offers reduced rates for subscribers, but for some reason you guys always seemed to charge more for the privilege! However, just as I'd finally despaired of saving myself a few quid (not to mention a walk to the paper shop every month) I see that you finally have seen the light and made your subscription rates cheaper than the cover price – and by 25%! Hooray – well done at long last. Now I won't have to worry about the funny looks I sometimes used to get from the girl who worked behind the counter.

Great mag, by the way – I really like the new 'Mayfair Presents' section (it's nice to know a bit more about what these girls are really like) and also the 'Things to Come', which brings back fond memories of days gone by. Keep up the good work!
Geoff, Swindon.

Ah yes, the new subscription rates – did we forget to mention that?! That's right, you can now save yourself 25% off the cover price of Mayfair (and any other Paul Raymond Publication) – and get it delivered straight to your door (in a sturdy, plain envelope, of course) every month! Ahem, see page 57 for details… – The Ed.

TOP SHELF CLASS

Dear Mayfair,
In what is often a predictable row of top shelf magazines, *Mayfair* has always appealed to the voyeur of taste; I have always liked the magazine, but now I love it. Volume 45.01 promised to be a good one from the start, but seldom in all my years of buying it – and other mags of this ilk – have I been so impressed.

It seems that someone has decided, quite rightly, that the girls should be good looking and beautifully dressed, and that we should see that, before revealing high quality lingerie and the important bits. You gave us the whole picture rather than just heading straight for the fanny territory!

I have to say that the best example was Tiffany; lovely to look at fully clothed, she teased us with a bit of stocking before gradually peeling off to absolutely nothing, and how lovely it was to see her with no hair on her bald snatch, legs apart, pert knockers, 'come fuck me' eyes… and still with class!

My wife is very accepting of *Mayfair* in the bedroom – it often helps us 'kick start' sex, but that set of Tiffany has left me with an empty scrotum and my wife bandy legged – we've been at it so much!

Thank you *Mayfair*!
JD, Manchester.

PS, In this new classier vein, please could we be treated to a bit more Kagney?

Well JD, thanks for the comments! We're certainly pleased to hear you think we're getting the tease element about right, (anyone else got any thoughts on this –one way or the other – by the way?). We agree, Tiffany was something special, and we'll be doing our best to get her back in the magazine before to long. As for Kagney, rest assured, we're working on it!

TIFF'S BIRTHDAY!

Dear Mayfair,
A big thank you to you for recently printing my letter about when I first met Tiffany.

We both enjoyed reading the story together – and of course the rest of the mag. As you will know, Tiffany does like the ladies and by the time she reached the lovely breasted Stacy, her hand was down her panties wanking herself off, which was a real treat to watch.

It's Tiffany's birthday soon, and I thought you may be interested in hearing about last years birthday. I haven't told Tiff I have sent this, but hopefully she will react the same way as when we read the first story – and I may even get a birthday treat off her!

I had booked us a table at a French Restaurant in the West End and had arranged to meet Tiffany at her flat at 6pm. She had texted me the night before asking what she should wear. I was tempted, knowing Tiffany's exotic wardrobe, to text back a college girl or maid's outfit, but I also knew Tiff was very likely to wear one. So I played safe and just said some classy evening wear.

When I arrived, as usual, she wasn't ready. I know for some blokes this would piss them off, but I have to say it has never bothered me, as it usually means I get a nice look at Tiffany's gorgeously cute body, which I could spend all my days looking at.

Well, this night was no different; she opened the door, she had done her make up and her hair – it was up in an Audrey Hepburn style, giving her a very classic look. Apart from that she was completely naked, her cute nipples pointing at me as my eyes wandered up and down her body, drinking in her lovely pale skin, her little trimmed bush and, notwithstanding her short height, her smooth beautifully long, shapely legs.

I gave her the flowers I had brought and I leaned in to kiss her cheek but she moved, instead kissing me directly on the lips. As we kissed, I could not help myself and I let my hand rest on a tight bum cheek, having a little caress as it did.

"Where are we going?" she asked.

"It's a surprise," I replied. "That is if we make it in time," I added, referring to her lack of clothes.

"Take me two minutes!" she said, looking at the bag in my hand. "Is that my present?"

"It is," I said but, taking the opportunity to ensure she got ready, I said, "You can't have it till we get back."

> "She was completely naked, her cute nipples pointing at me as my eyes wandered up and down her body…"

Of course she protested and tried to take the bag, and I had a very enjoyable few minutes play fighting the naked Tiffany while she tried to get her present. I must admit I was a bit disappointed when she gave up, particularly as she had resorted to rubbing the growing bulge in my trousers in an attempt to get me to give in. Still, we did need to get a move on.

I watched as she dressed, which did nothing to lessen the bulge. She sat on her bed facing me pulling on a pair of black stockings, showing off her pussy lips as she did before standing to attach the stockings to a belt. She then put on a black lacy bra, her nipples still pointing at me, and a matching thong. She slipped on some high heeled shoes and did a twirl. She could be such a tease and my cock was aching as she posed.

She then went to the wardrobe and pulled out a little black dress that she stepped into. I zipped her up and she turned to face me.

"Do I look OK?" she asked.

"You look exquisite!" I replied, and she really did, too.

We got to the restaurant a little late, but the Maitre d' was not going to complain when he saw Tiffany remove her coat, and we were shown to a discreet table and were each given a glass of complimentary champagne. We had a lovely dinner; as well as being incredibly attractive, Tiffany is also great company and we enjoyed a bottle of wine as we chatted.

After dinner, Tiffany thought that was the end of her birthday, but I instead took her to a pub. Now I know that does not sound much of a treat but trust me, Tiffany enjoys a pint in a pub as much as she enjoys champagne in French restaurants, and it was also the pub we had first met in when we became friends four years ago. She likes touches like that, and I pondered this as I watched this very pretty, sexually gorgeous minx sit on a bar stool drinking a pint! That's Tiffany in many ways, a girl of many contradictions.

We had a few beers sitting close together. She was enjoying herself and I was enjoying stroking her thigh, feeling the stockings clasps under her dress.

"I've had a great time," she said as she finished her beer.

"It's not over yet," I said, and with that I pulled her off the stool and held her hand as I led her out of the pub and crossed the road to a well known lap dancing club.

"Really?!" she shrieked.

"Yes, really," I said, knowing Tiffany would now be wet with excitement.

We sat at the bar and we ordered more wine. The club was busy and I could see Tiffany's eyes dart around the club, eyeing up the girls like any bloke would.

"I thought we could have a dance together, and then you can pick someone for yourself?" I said.

She was visibly excited, her nipples as hard as I had seen, as she gave me a kiss. "Oh thank you!" she kept saying.

We watched some of the podium dancing for a while before Tiffany nodded to a very cute Mediterranean looking girl.

"I think we would both like her," she said, and she was right. The girl introduced herself as Maria and led us to a curtained off area away from the main part of the club. I discreetly paid her as we took a seat each.

Maria was petite, with long dark hair, sultry looks and a tight body, probably about a 32B, with a really firm arse. She was wearing a basque and stockings and performed a slow dance, moving very seductively as Tiff watched her intently with a huge smile on her face.

Maria was very good, and my cock was aching in my trousers as I watched Maria

FANNY? BETTER!

Dear Mayfair,
Congratulations on your magazine. I have been buying *Mayfair* for 20 years, so you can tell I really enjoy a good porn mag!

I know you like feedback from your readers, so I thought I'd give my opinion on the 'Pussy' debate. As stunning as Michelle Marsh and Hannah Claydon are, I am always disappointed when one of the girls in your magazine doesn't open their legs and show their pussy.

In recent editions there have been some fantastic sets. In 45.01 Gabriella, Tiffany and the newcomer Ronnie (especially that lovely close-up shot of her pulling the crotch of her knickers to the side to show off her lovely pussy!). But special thanks go to Andie from 44.13 with her standing in the set showing her pubes and then giving us a treat by showing us her incredible labia. It wasn't long before I was showing my appreciation for those shots!

And then in 45.02 we were treated to the sight of the gorgeous Angelica dressed in a police uniform! I've always enjoyed seeing girls in uniform, so this was an extra special treat. I'd really love to see your model Peach dressed either as a nurse or a secretary.

Another model I find stunning is a blonde that hasn't appeared in *Mayfair* for over two years – Hannah Hilton. She's been in your sister mag *Men Only*, but please get her back in *Mayfair.* A blonde with blue eyes and large, natural tits who's happy to show her pussy is perfect in my book!

Anyway, keep up the good work with *Mayfair*!

Dave, Oxon.

Well that's pretty well sealed the fanny debate, guys! Yes, some of you like to see the Lads' Mags types, but it seems a solid majority reckon that those softer pix should stay on the middle shelf. Never let it be said we don't listen to our readership! Hannah Hilton, you say? Yes, she's quite a dish alright – we'll see what we can do.

Evelyn Lorry's the kind of classy babe who's got *Mayfair* written all over them, so imagine our surprise when we had a look through our records and realised she hadn't been in the mag for ages! What on Earth have we been thinking of?! Luckily Evelyn's not the sort of girl to bear a grudge. Luckily for us, though, she's more than happy to bare pretty well everything – once we'd managed to talk her out of those slinky pearl panties of hers. And even then she insisted on having a cup of Earl Grey half way through the shoot!

TORI BLACK

> “This gorgeous brunette might already be well on her way to becoming the next ‘porn superstar’, in the same vein as the likes of Jenna Jameson and Tera Patrick…”

In the adult industry, the practice of getting as much as possible from the performer as quickly as possible means that the rapid rise to fame and fortune is fairly commonplace for any pornstar who has the right tools for success. But even with this in mind, Tori Black’s journey to the very top of the business has been nothing less than meteoric. Indeed, the swift nature of her success has left many industry insiders wondering if this gorgeous brunette might already be well on her way to becoming the next ‘porn superstar’, in the same vein as the likes of Jenna Jameson, Belladonna and Tera Patrick.

In just two years as an adult performer, Tori has already bagged some of the most prestigious awards in the business, and the way things are going she should definitely be looking at investing in a large trophy cabinet in order to relieve her straining mantelpiece.

2008 gave an indication of the accolades to come, with Tori scooping the Cyberspace Adult Video Reviews (CAVR) Hottie of the Year gong. While this might not sound like a particularly prestigious prize, a CAVR award is actually seen by the industry as a valuable guideline as to which girls are giving the best onscreen performances, and who is likely to have the genuine enthusiasm for hardcore sex that is required to progress and make it right to the very top.

And so it proved with Tori. In 2009 she went on to win the X-Rated Critics Organization Starlet of the Year award, the Fans of Adult Media and Entertainment ‘Favourite Rookie’ prize, and she also followed up her 2008 CAVR triumph with the Performer of the Year crown. Impressive stuff, eh?

With all these accolades being heaped upon Tori by fans and industry insiders alike, surely now was the time for the leggy beauty to do what many up-and-coming girls do and sign a contract with a big production company that limits her performances and opportunities to express herself.

But no, amazingly Tori remained freelance and continued to focus on doing what she’s so obviously good at – giving incredible performances in porn movies.

Her reward came earlier this year, when she scooped no less than five gongs at the 2010 AVN Awards, including the prestigious and highly sought

MAYFAIR Presents...

TORI BLACK

> "A self-confessed ambition to be a go-go dancer was always a surefire sign that she wasn't going to be content with a 9-5 job"

after Female Performer of the Year prize.

Tori is currently a girl right at the top of her game, and if she continues in this vein then she might well have to get used to her name being mentioned in the same breath as the likes of the aforementioned Jenna Jameson and Tera Patrick, but how did this Seattle born starlet find herself sitting pretty as one of the best-loved and most exciting prospects in the adult industry?

Although Tori studied journalism (and not porn performance) at college, a wild-child reputation and a self-confessed ambition to be a go-go dancer was always a surefire sign that she wasn't going to be content with your average 9-5 office job. When she was 18 years old Tori moved to Hollywood, and by then she apparently knew for certain that she wanted to work in the adult industry.

A chance meeting with an agent led her to sign for LA Direct Models in 2008, and since then she's never looked back, having made 156 movies to date and worked with some of the best names in the business, most notably Elegant Angel, with whom she made the stunning and rather accurately titled *Tori Black is Pretty Filthy*, and Zero Tolerance for the definitive introduction to her talents, *Interactive Sex With Tori Black*.

However, to really understand why Tori has enjoyed so much success so quickly in her career, it's important to consider her philosophy with regards to having sex on camera and working in the industry in general.

Where some performers are primarily in it for the money, Tori says that she finds being in adult 'A liberating experience' and that it enables her to 'act out her own true fantasies and desires, and show her personality'.

Essentially, she's in the business for her own pleasure, and if she's having a good time and not simply churning out scenes, then it stands to reason that the viewers will naturally enjoy her performances a lot more, too.

Indeed, it seems that with Tori everyone's happy, and if she retains her refreshing approach to her work that's surely going to be the case for some time to come.

Well she's not black, but we don't know about her politics...

It's always nice to welcome a newcomer to the exalted pages of *Mayfair* – especially when they're anywhere near as pretty as Celeste Star! As soon as we clapped eyes on her we knew she was the sort of girl who'd look right at home in the mag, and that was even before we realised she'd kept a bit of fuzz downstairs. Can you imagine our delight as this shoot progressed and it slowly dawned on us that she was sporting the semi-natural look?! To be honest, it was all so alluring we were even distracted from that stunning face of hers. Still, you can't blame us, can you…?

slowly remove her basque, revealing her lovely pert tits. Tiffany was telling her how sexy she looked, which seemed to encourage Maria to be even more seductive, and Tiffany moved and sat on my lap, rubbing herself against my shaft, which did nothing to reduce my urge to shoot my load.

As Tiffany moved against me I very gently started to massage her tit, my other hand pulling up her dress, revealing her milky thighs at the top of her stockings as I stroked her soft skin. Maria was now standing with her back to us, slowly bending over as she pulled down her panties. I let my fingers wander higher up Tiffany's thigh until my fingers were touching her pussy through her panties. She gasped a little as I rubbed her, her pussy – as expected – soaking wet.

Maria finished her dance standing in front of us in just her stockings and shoes. She leant forward and kissed Tiff while my fingers were still feeling her pussy lips through her panties.

"Happy Birthday honey!" Maria said. Tiffany kissed her back and I wondered if she would want to stay with Maria but she stood up and, taking me by the hand, led me back to the bar.

"Oh you have got me very worked up! Can I choose my second dancer now?" she whispered in my ear.

> "Maria finished her dance standing right in front of us in just her stockings and shoes. She leant forward and kissed Tiff while my fingers were still feeling her pussy lips through her panties…"

"Pick away!" I replied. She did quickly. This time she went for a very curvy blonde with big full tits, at least a D cup wearing just shoes, a white camisole type top that was laced up, and French knickers. Her name was Chloe and I explained the situation and made sure I gave Chloe a very generous tip.

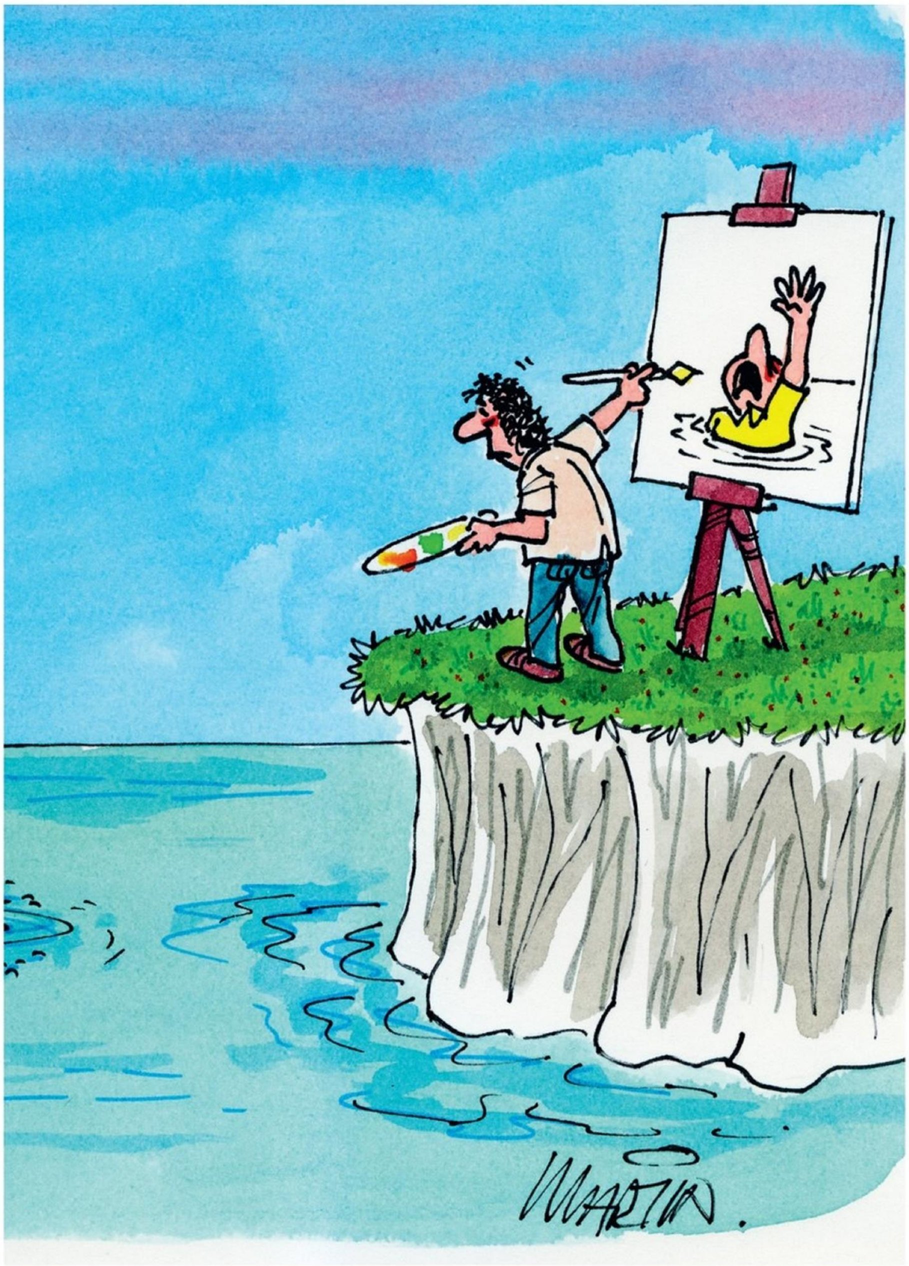
Tiffany and Chloe were gone for at least half an hour, which was intriguing me and I hoped Tiffany was enjoying herself as I watched and chatted with the many gorgeous girls in the club. When Tiffany came out of the curtained area she was smiling, her hair now down and rather ruffled.

"Have fun?" I asked, but she didn't answer, instead walking straight up to me and kissing me deep, her tongue exploring my mouth. I was sure I could taste pussy and my thoughts were confirmed when Tiff said, "Can you taste her?" She also pushed something into my hand which I could see were Tiff's soaking wet panties. So much for the club's no touching rule, then!

We soon left the club hand in hand and I hailed a cab. When we were on our way, Tiff turned to me.

"Thank you, that was an amazing birthday," she said.

As I replied, "You're welcome," her hand moved to my trousers and she unzipped me, pulling my dick out. She smiled at me before leaning over and taking me in her mouth. Her mouth felt amazing as she sucked up and down my shaft, both of us not caring about the show she was giving the cab driver as she expertly sucked on my dick, her hand tenderly stroking and feeling my by now very heavy and aching balls.



I knew it wouldn't take long.

"Fuck Tiff, if you carry on I am going to come!" I gasped.

"Good – that's the idea!" she said between sucks and, after taking my dick as deep as she could, I shot my load. She didn't flinch, swallowing my come and literally sucking me dry before lifting her head to allow some spunk to dribble down her chin and onto her dress. She was smiling at me and we kissed. I could taste my come in her mouth and my hand worked its way up her thigh until I was massaging her soaking wet pussy as we kissed for the rest of the journey.

When we got back to hers I gave Tiffany her birthday present, both of us drinking champagne naked on the bed, although Tiff was still wearing her stockings. It was well into the early hours of the morning when we both fell asleep.

In the morning we both woke a bit worse for wear, but it did not stop me casually wanking Tiff's clit while we lay in bed as she gave me a very detailed account of her dance with Chloe. In fact that morning was one of the few times I have actually fucked Tiffany, and the feeling of my thick prick sliding into her silky smooth pussy is one I'll treasure for the rest of my days! Although we were both pretty knackered from the night before it turned out to be a very energetic session, and I managed to hold off for a good while before I finally filled her with my seed.

Now you can see why I am looking forward to her forthcoming birthday so much, and hopefully as part of this year's celebration she will be reading about herself in another edition of *Mayfair.*

You never know – it might inspire another story to tell you all about.

Alan, Edgware.

Cabin Fever

Seeing the very sexy Conny (Vol 44.11) prompted me to write and tell your readers about my own little sexy Conny, although my Conny was the very opposite of the very outgoing beauty in Mayfair. I first met her when I was on a train coming home as it pulled into one of the airport stations. As the train stopped, I looked out of the window and there on the platform was one of the sexiest sights I had seen in a long time.

There was a cabin crew girl (so much better when we called them air stewardesses!) standing with her trolley case. She was in her early twenties, her dark hair was up and tied with a red ribbon and she wore rectangular shaped black glasses. She also had a look about her that seemed to be saying, "Please don't bother me" – her red glossed lips seeming to be the only concession to showing off what was an incredibly pretty face.

She wore a blue uniform, blue jacket with red and white trim that was buttoned up above what looked to be a lovely pair of tits. Her skirt was knee length and she was wearing tanned nylons with black lowheeled shoes. She looked like she had very shapely legs and she was holding a pair of white gloves. She was a real enigma, she looked so conservative in her uniform but my dick had started to harden just looking at her.

She got on to my carriage. There were plenty of free seats, so I was pleased when she sat opposite me. I smiled and she sort of stared back, no emotion in her face, before turning to look out of the window. I was regretting the fact that I was getting off at the next stop that was only five minutes away, but in truth she didn't seem in the mood to acknowledge I was there, let alone chat. It was, however, very hard not to keep looking at her, and all sorts of sexy scenarios kept coming into my head. I noticed her neck scarf was from one of the American airlines and I gave her a few blatant stares and smiles in a last attempt to engage her, but to no avail. The train was pulling into my station and I got up.

"Are you getting off here?" I heard her say in a low voice, her American accent obvious. "I am," I replied, as I

True to the spirit of the forthcoming A-Team movie, here at *Mayfair* we love it when a plan comes together – especially when that plan involves two of our favourite young starlets coming together!

OK, so in actual fact they didn't come quite together – that sort of thing usually only happens in fiction – and Sonia (that's the dark-haired one) came a good four of five minutes before Lucy, but hey, when all's said and done, what's a few minutes between friends?

And of course when you've got two girls as lovely as these two going at it, it's a pretty safe bet that they're not the only two who'll be coming. Why even just the thought of it's got us feeling a bit hot under the collars …

Technology – always going forward, isn't it? Annoying predictable in that way, I suppose, especially when it comes to music. First there was the wax drum, then the gramophone, then the record player, then the tape cassette, then the CD and, at the moment, MP3-players. So, what next you might wonder? Well, do you not have eyes? Can you not see the pictures on this page, or do you have some weird mental illness that means you can't perceive things until their names have been said? Well, if it is the latter, that's so fucking weird, you freak!

For everyone else, meanwhile, it should be painfully apparent what I'm going to say next. Yes, technology has done something it's never done before, it's glanced backwards and decided to revisit a previously redundant, surpassed technology and use all its modern learning to bring it back bigger and better than ever. And if anybody tells you they saw that coming, they're a damned liar.

Yes, I speak of course of the turntable, the decks, the wheels of steel. Now back with us in many different forms, some to help you rescue your old vinyl and convert it to digital, some to simply show you how much better it was than this tinny digital cock anyway. In any event, clearly what goes around does, indeed, come around…

Denon DP-200USB

Price: £200
www.denon.co.uk

Our first option for helping you rid yourself of unwieldy black circles forever, while retaining the music on them – the DP-200USB is a turntable with a built-in MP3 encoder and a USB port, providing quite the heady combination for those wanting to rip from vinyl to digital without having to dick about with a computer in between, at a splendid 192kbps.

And as it that's not enough to instantly convince you of the stunning value of this vinylator, then factor in that, should you hook up to a computer anyway, it'll instantly go online to the Gracenote website and, without the lift of a single one of your fat, greasy digitals, it'll source and download all the ID information on your new music instantly.

Okay, it's not that much of a looker, but like a plain woman, it's very keen to please…

Pro-Ject Genie 3

Price: £185
www.henleydesigns.co.uk

To be fair, Pro-Ject has never really gone away at all. Instead, when Apple turned up waving its digital Messiah about, Pro-Ject simply knuckled down and doubled its efforts to keep vinyl alive. The reason is not downright retarded stubbornness, but because vinyl does sound better. Whereas digital encoding loses information, thereby dropping all the subtle nuances in music, vinyl shouts them out. So, to really scream that message, Pro-Ject's latest model, the Genie 3, comes with a high-quality A/C synchronised motor with improved housing to ensure greater speed stability and a decoupled motor to make sure absolutely nothing colours sound quality.

If you'd forgotten how much warmer, more detailed and, well, just better vinyl could be, rub your money lamp and summon the Genie.

Goldring GR2

Price: £265
www.soundhifi.com

Offering quite a fair slice of top-notch acoustic jiggery pokery for almost next to no money, the GR2 from Goldring may be minimalist in the looks department, but with a high quality Goldring 1012GX moving magnet cartridge, a Gyger II profile stylus, and a low resonance platter with a heavy metal insert designed to increase the mass and flywheel effect, the Goldring is a more than capable disc-spinner for a more than reasonable price.

If you really must insist on digging out your old records and boring the hissy fuck out all your friends with your tragic trip down Memory Lane, then at least invest in something decent like this and make it as painless as possible for them.

Montegiro Legano

Price: US $13,240
www.montegiro.de

OK, I've thrown this one into the mix merely to show how shit-hurlingly ape bonkers the turntable market can be, I admit it, but there are people out there willing to spunk this kind of cash for the sake of their music. I suspect they don't listen to JLS.

Yep, just shy of 14,000 American pounds, they manage to charge this cheeky price due to the thing being made of nowt but the very finest, acoustically sound, resonance eliminating, physics defying components, all wrapped up in a pure steel and bamboo coated body. Take it from me, if you were an audiophile, this would be what you dream about at night instead of women. How do you know if you're an audiophile? Can you hear it when somebody blows a dog whistle? Does the ultrasonic vibration make you ejaculate uncontrollably? You're an audiophile…

ION Audio LP to iPod

Price: £129
www.iwantoneofthose.com

Of course if you've decided that vinyl died and, by the very decent nature of the universe, should stay dead rather than staggering around like a decomposing corpse, scaring women and children and forcing you to smash in its brains with a cricket bat, then you might prefer this instead. Helping you to squeeze that last drop of value from your old 33s and 45s, simply drop them on the platter, plug in your iPod and squeal with childish delight as the ION converts all that analogue messiness to rigid, robotic digital and dumps it straight onto your iPod without any interference from you.

Of course it also works as a normal turntable too if hooked up to some speakers but, FOR FUCK'S SAKE, MAN, MAKE UP YOUR MIND!

Pro-Ject 6 Perspex

Price: £1000
www.henleydesigns.com

Another one that might be considered to be a tad on the "How fuckin' much?!" side, when a turntable looks and performs like this, it has to be included. Firstly, it's got an acrylic plinth which, in the turn' world is like a woman in see-through lingerie… and what a woman she is, too! With Neodymium magnet suspension, a ceramic bearing, a carbon fibre arm-tube and head-shell, and a Corian substrate sub-chassis – it's enough to make any vinyl lover weep openly and publicly from the cock.

Of course, all this may make it look beautiful, but it also serves to make the Perspex as acoustically neutral as a marching band in Switzerland, meaning that, regardless of how terrible your record collection actually is, this is the turntable that will make it listenable. Possibly.

Ennie

Age: 25 **Vital Stats:** 33C-25-34
Photographer: RB Kane

There's something extra sensual about a woman with long, luxurious locks, and Ennie not only ticks that box, she also scribbles out all the others just to make sure you're in no doubt!

But it's not like she's a one trick pony or anything, because aside from the barnet she's got a delectable face and body as well, making her just about the all-round perfect package! So what did we do? Why we got her to stick some fishnet tights on, just to see how hot she'd look in them.

Answer? Very!

Life's a Beach!

The new MINI's convinced plenty of doubters that the brand still offers something unique, so will they put their money where their mouth is and put this quirky little number into production?

Words: Martin Bains **Pictures:** BMW

Motoring pioneer Sir Alec Issigonis will always have a place in the hearts of British car fans; the man who created the Mini couldn't have predicted the enormous success of his groundbreaking design, but when he came up with the Mini Moke in 1964, he showed he had a slightly mental side, too.

Issigonis blew the bloody doors off his original design, and then ditched the metal roof as well. So the Moke ended up being little more than a floorpan, some wide sills, a bonnet and a windscreen. There was a folding fabric hood to 'protect' occupants from the elements, but after a production run of four years and 14,500 models, bosses decided to stop building the Moke in the UK. The idea of a beach bum car in a country with biting winds, freezing seas and raw sewage in the sand was never likely to take off.

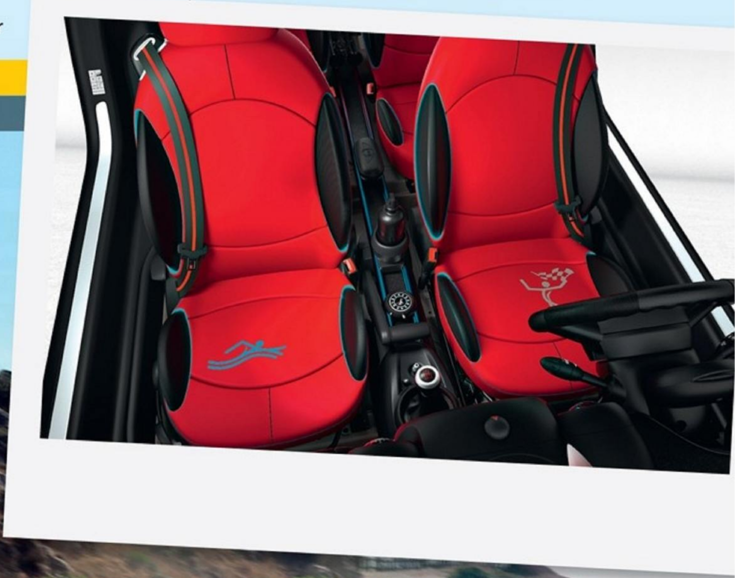
Nearly four decades later, the reborn MINI brand has revived the Moke, in the shape of the Beachcomber Concept. It uses the technology that will underpin the off-road Countryman version of the MINI, on sale in the autumn, to create a more fun package. And you can't help smiling when you look at it.

Bosses claim the newcomer aims to bring occupants closer to their surroundings – there is no roof and no doors to stop the sun shining in or the wind rushing by – yet the car conforms to all the latest crash test regulations, and the stiff bodyshell provides strong rollover protection.

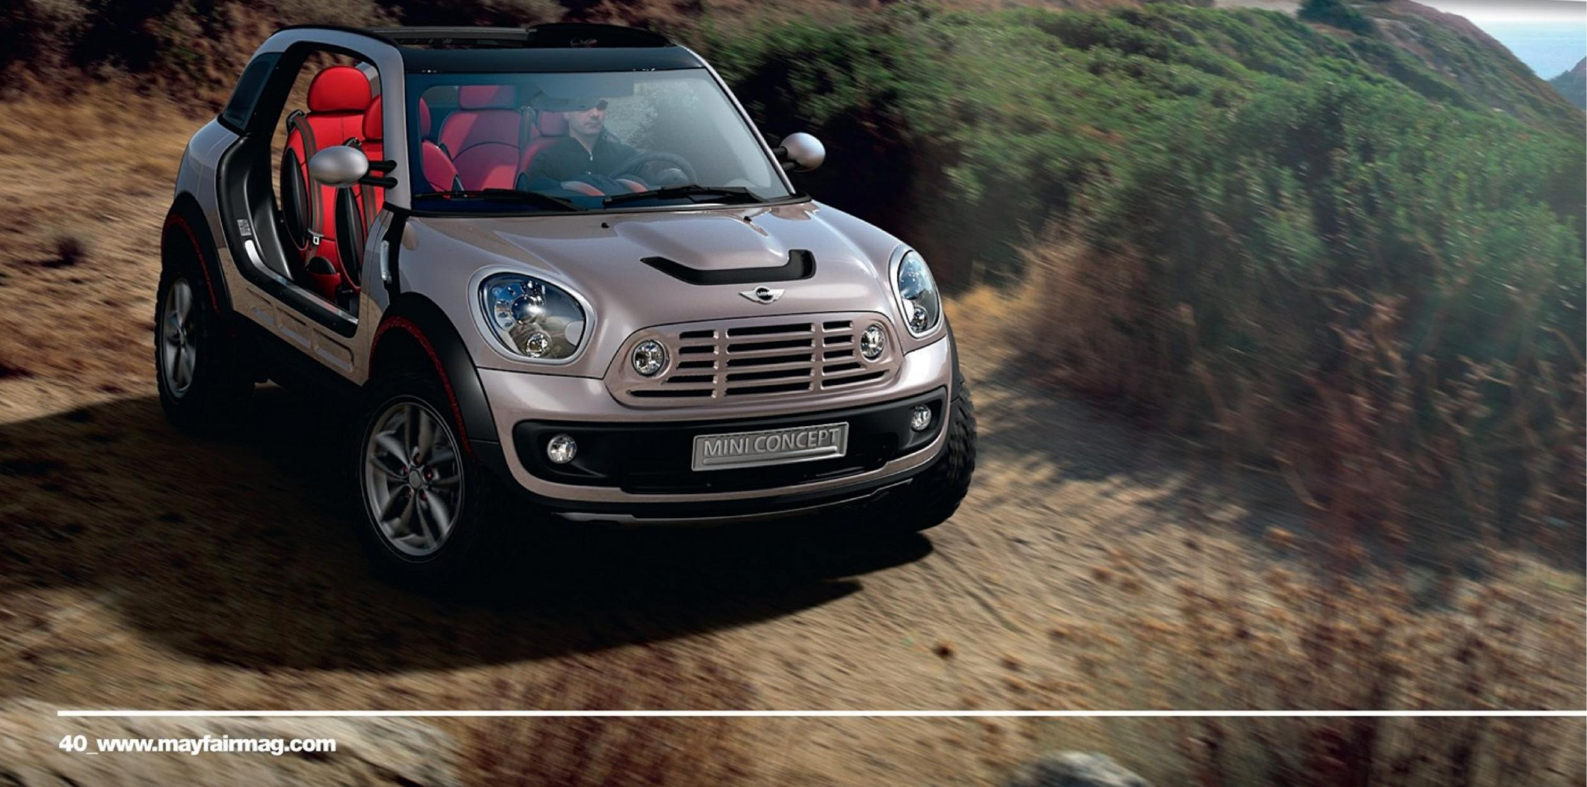
It's still clearly a MINI, too – short overhangs front and rear, plus the wide wheel stance, leave you in no doubt about that. And while the headlights and radiator grille have been "reinterpreted", according to the firm, the overall shape is unmistakable.

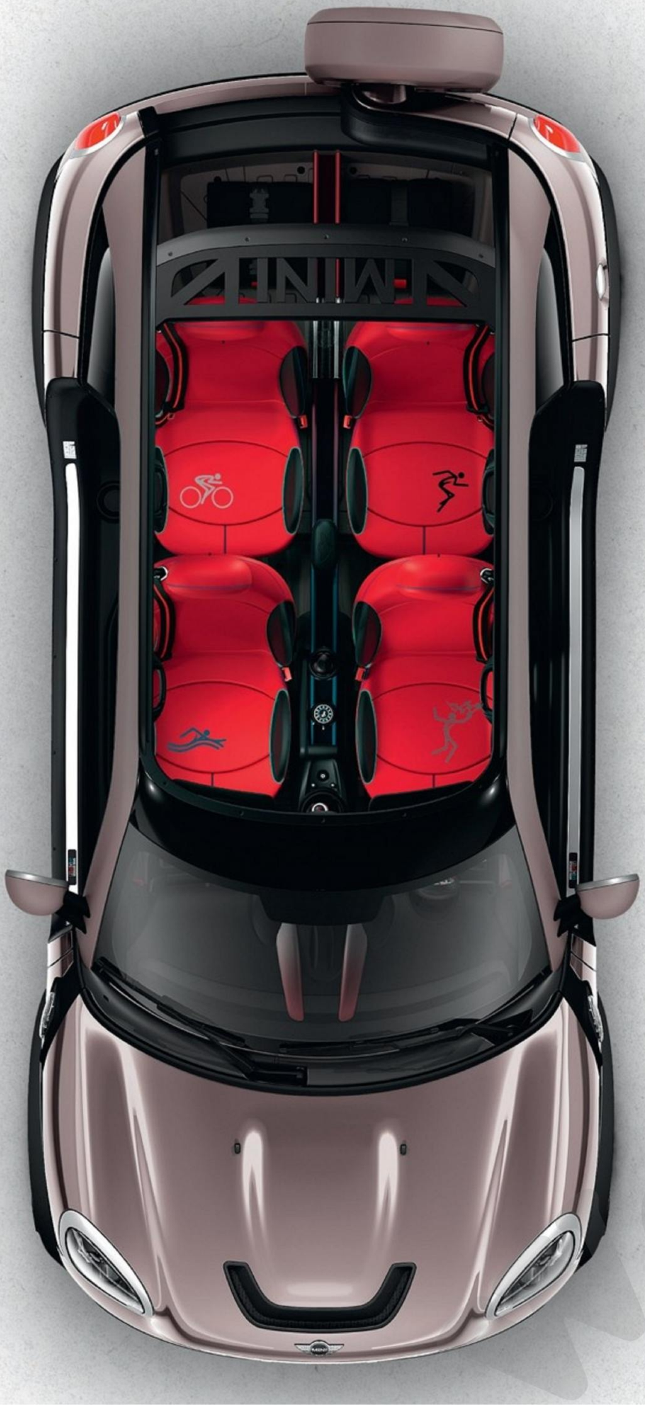
To reflect its off-road potential, the newcomer rides higher off the ground, while the purposefully wide wheelarches hide chunky 17-inch alloys. Huge side sills add to the visual appeal, and at the back, there's a spare wheel holder mounted on the tailgate. As with other MINIs, however, run-flat tyres are fitted as standard – so instead of carrying a fifth rim, this is a clever storage case.

The neat touches continue inside. Classic MINI cabin details include the large central speedo, and designers have beefed up the cabin to match the rugged feel of the exterior by fitting a liquid-sprung compass and



"Shit, this doesn't look like the way to the supermarket..."





artificial horizon, both encased in a stylish spherical housing on the dash.

Each of the four individual seats is trimmed in a more rugged material than that on display in the regular hatch, and the plastics have a tougher, more durable feel. Running down the middle of the cockpit is a central rail, on to which occupants can attach armrests or storage boxes. Integrated into this is a cable duct, so wherever you're sitting you can play MP3s from your phone or iPod through the stereo. The set-up charges your device, too, while occupants can even power their games console or laptop on the move.

Yet there's no need to worry about electric shocks – as MINI includes a plastic roof in the package. It's intended for occasional use only, so isn't especially refined, but when the heavens open it can be secured in place in seconds. A set of plastic door inserts can even be added.

Whether these features will make it from show stand to showroom is questionable – they're not the most practical solutions, especially for the UK. But when you climb behind the wheel, you'll be more concerned about the fun you're having than whether you're getting wet feet.

Engines are likely to be carried over from the hatch, which means 1.6-litre petrol and diesel units. The 170bhp turbo from the regular Cooper S could power the Beachcomber. The off-road mechanicals are set to be borrowed from BMW's recently launched X1 – so the 4 four-wheel-drive transmission will use the latest differential technology to ensure drive is sent where there's most grip over rough terrain. As with any MINI, though, handling agility will be strong on the tarmac, too.

The Beachcomber is never likely to tackle a Land Rover-style assault course; if bosses decide to put it into production alongside the regular Countryman, most buyers are likely to be women – and they won't want to get it mucky or have sand caught up between the grooves of its tyres. But as a successor to the Mini Moke, the car really works – and proves the reborn MINI brand hasn't lost its soul!

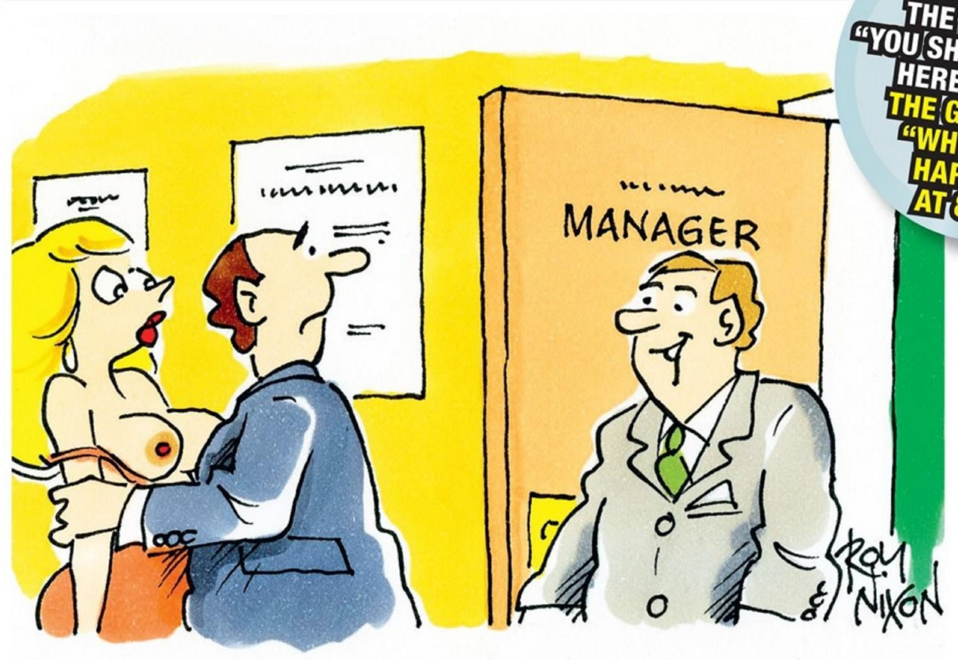
Gentlemen, that Reminds me

Well this is the best we could muster, but if you think you can do any better, email us your efforts at: mayfair@paulraymond.com or send them to: PRP, 3rd Floor, 207 Old Street, London, EC1V 9NR.



"Is this a good time to talk about my rise?"

How do you turn a fox into an elephant? Marry it.

Two prostitutes are standing on a corner chatting. One says to the other, "Ever been picked up by the fuzz?"

The other replies, "No, but I've been swung around by the tits."

Brad is on the beach, but he can't even get a second look from any of the girls. So he heads over to the lifeguard tower to see if he has any advice for him.

"Dude, it's obvious," says the lifeguard. "You're wearing those crappy old swimming trunks that make you look like an old geezer. They're years out of style. Your best bet is to get yourself a pair of Speedos – say, two sizes too small – and drop a potato inside them. You'll have all the babes you can handle."

The following weekend, Brad hits the beach with his brand-spanking-new tight Speedos and his potato, but it's not long before he approaches the lifeguard tower once more.

"For crying out loud," said Brad, "it's worse than before! Everyone on the beach acts disgusted as I walk by, covering their faces, turning away and laughing! What's wrong now?"

"For fuck's sake" said the lifeguard. "The potato goes in the front!"

A hiker gets lost in the woods and spends the next three days wandering around with no food. Finally, he spots a bald eagle on a ledge, hits it with a big rock, and begins eating it raw.

A park ranger stumbles on the scene and arrests the hiker for killing an endangered species.

In court the hiker explains that he was on the edge of starvation and had no choice.

"Considering the circumstances, I find you not guilty," says the judge. "But I have to ask—what did the eagle taste like?"

"Well, your Honour," the hiker says. "If I had to describe it, I'd say it tasted something like a cross between a whooping crane and a spotted owl."

A man and a woman are riding next to each other in first class on a plane. The woman sneezes, then takes a tissue and gently wipes it between her legs. The man can't believe his eyes, and decides he is probably hallucinating.

A few minutes pass, and then the woman sneezes again. She takes a tissue and gently wipes it between her legs. The man is about to go nuts. He can't believe that he's seeing what he's seeing.

A few more minutes pass. The woman sneezes yet again. She takes a tissue and gently wipes it between her legs yet again.

The man has finally had all he can handle. He turns to the woman and says, "Three times you've sneezed, and three times you've taken a tissue and wiped it between your legs! Are you trying to drive me crazy?"

"I'm sorry to have disturbed you, sir," she replies. "I have a rare condition such that when I sneeze, I have an orgasm."

The man, now feeling bad, says, "Oh, I'm sorry. Is there nothing you can take for it?"

The woman looks at him with a coy smile and whispers, "Well I find pepper works pretty well."

A BLOKE SHOWS UP LATE FOR WORK. THE BOSS YELLS, "YOU SHOULD'VE BEEN HERE AT 8:30!" THE GUY REPLIES, "WHY? WHAT HAPPENED AT 8:30?"

A husband comes home hammered every night, and his wife always yells at him before making him sleep on the sofa and going to bed alone.

One day, though, she decides to try some reverse psychology. When her husband staggers in that night, she's waiting for him in her best lingerie. She sits him in an armchair and gives him a back rub.

"It's getting late, big boy," she says after a few minutes. "Why don't we go upstairs to bed?"

"We might as well," slurs the husband. "I'm going to be in big trouble when I get home, anyway."

A woman turns to her husband in bed and asks, "Do you love me only because my father died and left me a fortune?"

"That's crazy. Of course not," he says. "I'd love you no matter who left you the money."

A guy is out shopping one day and discovers a new brand of condoms called Olympic. Clearly impressed, he buys a pack. Upon getting home, the man informs his wife of his new purchase.

"Olympic condoms?" she asks. "What makes them so special?"

"There are three colours," he replies. "Gold, Silver and Bronze."

"So what colour are you going to wear tonight?" she asks, warily.

"Gold, of course," says the man proudly.

The wife responds, "Really? Why don't you wear silver?"

"Why silver?" asks the man.

"Well, it would be nice if you came second for a change."

A woman walks into a drugstore and asks the pharmacist if the store carries extra-large condoms.

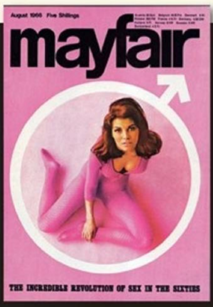
"Yes we do," he says. "Would you like to buy some, madam?"

"No," she replies. "But do you mind if I wait around until someone does?"

The shape of things to come

From glamour girls and movie stars to Page Three pin-ups and Lads' Mag lovelies – over the years Mayfair has featured them all. MATT LOXHAM takes a look back at some of the people and the events that have helped make the magazine what it is today.

THIS MONTH: *Celebrity Centrefolds*



August 1966 Five Shillings

mayfair

THE INCREDIBLE REVOLUTION OF SEX IN THE SIXTIES

Raquel Welch appeared on the cover of the first ever *Mayfair* all the way back in 1966, and since then the magazine has featured celebrities from many areas of 'showbiz'.

A circulation that once peaked at a massive 300,000 readers was the big draw, and one that saw *Mayfair* regularly boasting famous faces – and other more intimate parts that people might not have been so familiar with – splashed across its pages.

The gorgeous girls from the Bond movies of the time were always very popular, as were the so-called 'Dolly Birds' from classic TV shows such as *Mr and Mrs* and *Sale of the Century*. Can you imagine the likes of Tess Daly and Holly Willoughby appearing in *Mayfair* these days? How attitudes to top-shelf have changed.

Even movie stars, stage actresses and performers from the world of pop music wanted to get involved, and, of course, Page 3 girls deciding to go one step further (or not, as the case may be) have long been a staple of the magazine; something we'll focus on more specifically in a couple of issues' time (be sure to get your requests in!).

Just as *Mayfair* gave aspiring models a leg-up during the Harrison-Marks and John Jesnor Lindsay era, famous girls made appearances in *Mayfair* and boosted the magazine's profile even further, fuelling the readership's enthusiasm for seeing celebrities in the buff and helping *Mayfair* to enjoy a lengthy period as one of the most popular top-shelf titles in the UK.

Ava Cadell

Raised in a Hungarian orphanage by strict nuns who told her if she kissed a boy a baby would come out of her mouth, Ava Cadell has somehow gone on to become a hugely successful sex-therapist, producing a series of books on the subject and teaching and lecturing at the Loveology University, which she herself founded. Quite an achievement considering her somewhat repressed upbringing!

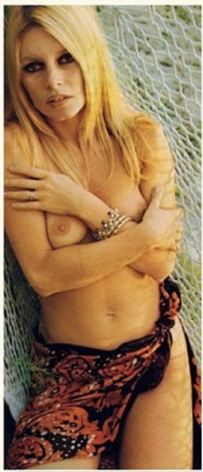
After escaping to England to complete her education, Ava 'fell into acting' and her exotic good looks and voluptuous figure won her a part in John Jesnor Lindsay's *The Hot Girls* in 1974, and in *The Ups and Downs of a Handyman* the following year. Ava also featured regularly as a Page 3 girl in *The Sun*.

But it wasn't just sex comedies and tabloids for Ava, far from it. The bubble-perm sporting sex-siren starred in several movies too, including Mel Brooks' *History of the World: Part 1*, *Smokey and the Bandit 3* and *Commando*, alongside Arnold Schwarzenegger.

Ava also appeared in *Dallas*, *The Love Boat*, *The Fall Guy*, and not to forget in our very own *Steptoe and Son*.

However, despite all this acting tomfoolery, the proudest entry on her CV is undoubtedly an appearance in *Mayfair* Volume 13 Issue 8. Well, we'd like to think so, anyway.

Brigitte Bardot



Legendary actress and pin-up Brigitte Bardot was actually a highly gifted ballet dancer in her youth, but after appearing in a couple of fashion journals she was spotted by *Elle* magazine, and graced their cover in 1950, aged just 15.

This caught the attention of a young film director called Roger Vadim – Brigitte's early mentor and future husband – who arranged for Bardot to audition for a part in a movie called *Les Lauriers Sont Coupés*.

She won the role but the film was never made, although the experience did succeed in persuading Bardot to become an actress.

Indeed, between 1952 and 1956 she starred in no less than 17 films, arguably her most famous being the sexually charged lead role of Juliette Hardy in the French drama *And God Created Woman…*, the movie that is widely credited with popularising her 'sex kitten' persona.

Throughout the late 1950s and early 1960s Bardot became both icon and sex-symbol, and in addition to starring in many more movies, the blonde bombshell regularly modelled for magazines and even recorded several albums, mostly in collaboration with Serge Gainsbourg and Sacha Distel.

Several marriage breakdowns and affairs ensured her private life became the stuff of tabloid legend.

Later on in her career, Bardot made a couple of appearances in *Mayfair* – Vol. 4 Issue 10 and Vol.12 Issue 1 – naturally still looking incredible on both occasions.

Caroline 'Tula' Cossey

TULA,

THE AMAZING JAMES BOND STARLET WHO WAS BORN A BOY

PHOTOGRAPHED BY
MARIO MARNOTO

Standing six feet tall with a statuesque 36-24-36 figure, Tula is one of the most beautiful and successful models in the world. She has appeared in a James Bond film with Roger Moore (that's her on the extreme left of the photograph), been on numerous TV shows and featured as *The Sun's* 'page three' girl. But, incredible as it might seem when looking at these photographs of her, Tula was born a boy. And when it was revealed in the newspapers that she had undergone a sex-change operation, she thought her whole world was shattered. 'It was as if someone had stuck a knife in me. I thought I would kill myself.' Thinking that her career was over, Tula decided to write an autobiography *I am a Woman* to put paid to the gossip and rumour. 'There are no secrets any more, and at least I no longer have anything to hide. But it was hard to have to turn round and say I used to be a boy.' But her honesty and courage paid off, and she has found that the revelations have not affected her successful career. 'I always feared the worst, but I was surprised at the reaction. A lot of

83

'Tula' rose to fame during the late 70s as a model and actress. However, fame turned to notoriety when it was revealed that this stunning brunette used to be a bloke called Barry.

It all began when Barry was going through puberty and began to look very feminine in appearance. He was found to have a condition called Klinefelter's Syndrome; a sex chromosome disorder.

Aged 17, Barry decided to begin his journey to becoming Caroline, and started receiving hormone treatment and living full-time in a female gender role. The transition was successful, to say the least, and Caroline even got a job as a showgirl in a London nightclub.

Breast implants enabled her to get work as a topless dancer – wearing a very tight customised G-string – and to save the cash for Sex Reassignment Surgery. With that completed, her star soared.

She began modelling under the name 'Tula' for *Australian Vogue* and *Harper's Bazaar* magazines, and worked extensively as a glamour girl – even becoming a page 3 'stunna' for *The Sun*.

In 1978 Caroline became a hostess on the legendary gameshow *3-2-1* alongside Ted Rogers and Dusty Bin, and made an appearance in the sitcom *Robin's Nest*.

But just when she thought she'd left her gender issues behind her, a tabloid journalist called, revealing that he planned to tell all.

After Tula had starred as a Bond girl in *For Your Eyes Only*, the *News of the World* ran with the headline: James Bond Girl Was A Boy.

Tula confronted the situation head on, and told her side of the story in *Mayfair* Vol.17 Issue 11, before going on to write two autobiographies and campaign for the right for transsexuals to be legally declared female in the UK.

Six of the best... Generals

Human history's been stained with blood since its earliest times, but the least a good warmonger can do is try to ensure that most of it belongs to the enemy. This month TRISTRAM SMITH pays tribute to 6 generals who managed to do just that...

1• Alexander the Great

In the harsh world of generalship, you don't get to be called 'The Great' for nothing – but Alexander more than earned the epithet. Hailing from the Greek backwater of Macedon, he wasted no time in continuing his father Philip's work of subjugating the Greek city states before he turned his eyes to the east and paying Persia back for their attempted invasion of Greece 100-odd years earlier. Despite fielding hugely larger armies, the Persians kept getting blown away by the Macedonians as Alexander liberated Asia Minor and pressed on into Persia proper. Oh, and on the way he snaffled Egypt as well.

After Persia it was on to India, as Alexander's seeming unquenchable thirst for conquest continued. Eventually he paused for breath, at which point he promptly dropped dead (possibly from over-boozing) at the tender age of 32, thus establishing his unbeaten record for all eternity.

2• Flavius Belisarius

Rome produced more than its fair share of capable generals during the republic and empire, but there's something about the rather unfortunate Belisarius that marks him our for *Mayfair*'s badge of approval. Born in about 500AD, the glory years of Rome were long gone, and the capital had shifted to Byzantium when Belisarius first took to arms, but despite the empire's dwindling resources, and the apparently constant undermining he suffered at the hands of his duplicitous Emperor Justinian (not to mention his ex-prossie of a wife, Theodora) he just couldn't stop winning battles – recapturing Italy from the barbarian hordes and expanding the Empire left, right and centre.

In return for this, and for saving Byzantium itself from a Bulgar invasion despite being greatly outnumbered, Belisarius may, according to some sources, have been ultimately rewarded by his Emperor by being blinded and made a beggar. Talk about gratitude.

3• Saladin

Possibly not the most popular choice for hard-line Christians who like to spout on about crusades, Saladin was, of course, the leader of the opposition through much of the second and third crusades, routinely giving the Christian marauders a good arse-kicking in the process. But before all that he'd already managed to snaffle Egypt and Syria (becoming Sultan of both), so his reputation for generalship was well known. In a brutal time, Saladin was noted for his chivalrous behaviour towards opponents and captives alike, thereby earning the respect of even his enemies – most notable our own caped crusader, Richard the Lionheart.

Given how wealthy a successful general might expect to become from campaigning, Saladin sealed his reputation for nobility by being found, upon his death in 1193, to have practically no money of his own at all.

4• Georgy Zhukov

Given the stakes that were being played for during WWII, it's just as well a few half-decent Generals happened to be on the Allied side, and while Dwight D. Eisenhower is probably best remembered in the west for his command of the Western Front, we'd like to tip our hat to his Russian counterpart, who as well as overseeing the driving back and expulsion of German troops from Russian territory, also managed (somehow) to wrestle with Stalin's frequently unhinged grasp on proceedings. Time and again, it seems, he disagreed with Uncle Joe – always a rather dangerous habit – but clearly Stalin had too much respect for Zhukov's abilities to deprive his nation of it's best tactician.

OK, so not everybody who found themselves 'liberated' by the Russians had much to laugh about for the next 50 years or so, but hey – at least they weren't Nazis!

5• Napoleon Bonaparte

Perhaps another peculiar choice from an Anglo-centric point of view – but while there can be little doubt that Europe would have been a much happier place around the start of the 19th Century had not Bony been so determined to stir things up all the time, you've got to hand it to him for getting as far as he did! A hugely successful campaign in Italy during the years of the Republic cemented his reputation, and following a *coup* he became First Consul and then Emperor of France.

Unfortunately for Napoleon, he didn't drop dead before he lost his knack for winning battles, and a disastrous attempted invasion of Russia left him reeling and forced to abdicate. A couple of years later, though, he was at it again – until he finally met his Waterloo at, er, Waterloo.

6• Ghengis Khan

If conquering territory and building spheres of influence is the name of the game, you couldn't do much better than Mongolia's finest, who united the tribes of his nation and led them marauding round the Orient and central Asia cobbling together an empire of staggering proportions. A generation or so after his death it spread from St Petersberg to Shanghai, which given the pretty sluggish methods of communication back in the 13th Century, is not to be sniffed at!

Born the son of a minor tribal chief, Ghengis (or Temujin, to use his actual name) didn't exactly have a silver spoon in his mouth, and his family endured years of hardship in his youth, but he didn't let that stop him! Still, it wasn't all war – he was pretty busy in the sack as well, and it's now reckoned that about 1% of the world's population is directly descended from him. Good effort, we say.

Hello, what's this – another new face? Well, it looks like our talent scouts have been earning their bread this month, doesn't it? And talking of talent, Carol here's got it in spades! She was actually a bit nervous about doing this shoot to begin with, but once we'd sat her down and leafed through a couple of issues of *Mayfair* she seemed reassured and happy enough to proceed. In fact we couldn't help getting the sneaky feeling she was a bit turned-on all of a sudden, which always helps, we find! Within half an hour she was shedding clothes and inhibitions like they were last year's fashion, and it was as much as we could do to keep up with her!

Quest

We all remember the very first time, don't we? Well this month we've got 3 readers to recall the time they popped their cherries…

Name: Jessica
Age: 24
From: Oldham

At 19-years-old I was probably one of the last in my circle of friends to lose their virginity. Now, several years later, I look back on that day and remember it with pleasure.

Naturally my friends and I had been experimenting sexually at varying different levels for a few years, sharing stories and bragging about our exploits. I, however, had never met anyone I liked well enough to allow them to go much further than a bit of a grope and some kissing with tongues.

I did not really fancy any of the lads I dated back then as I had always been a bit advanced for my age and was far more attracted to older men. I also wanted my first time to be special, and I'm glad now that I didn't give in to any of my inexperienced boyfriends – they were always badgering me.

Eventually I hit on a plan and decided to have sex with someone I knew really well. A guy called Andrew was the obvious choice. I had baby-sat for him for three or four years. He was hot and fit and even though he was a widower aged in his mid-30s and seeing other people, in my book he was fair game for seduction.

I was pretty certain he fancied me too, as, since my boobs had begun to grow Andrew had seemed tense and bashful around me when I arrived to baby-sit. And every so often when he drove me home afterwards it was almost like he was dropping off his girlfriend. I always had the feeling that Andrew was fighting the impulse to kiss me goodnight and hoped I was on the money when I made my plans for the big event.

> "My senses swam as he sank his cock into my tight pussy…"

My chance came at last when he was invited to a party in Manchester. He said he would be home in the early hours of the morning and because it would be so late he asked if I'd mind sleeping over. I gleefully agreed and spent time dressing up sexily for that night.

My top was skin tight and I wore my shortest skirt and high heels. I got it just right, I think, because I noticed that Andrew couldn't resist looking me over with hungry eyes as he gave me instructions and contact information for the night. The kids were never any problem. They played some games, watched a bit of TV and were asleep by 9pm.

I had no intention of going to bed where Andrew would miss me when he came home so I settled down on the sofa to have a snooze and waited for him.

Andrew came home early, seeming a bit put out and told me that he had fallen out with his girlfriend. Sitting on the sofa beside me he spilled his guts about their fight and it seemed only natural to gave him a big hug right there on the sofa. He instinctively put his arms around me and pulled me towards him, kissing me full on the lips. I faked a little resistance as our lips met, but that's as far as I went as he pushed me down on

my back, his tongue darting into my mouth as our kisses became longer and deeper.

Andrew's breathing became heavier as his hands went for my firm little tits, and before I knew it my top was on the floor and my breasts exposed. He started on them immediately, licking and sucking feverishly at my throbbing nipples so that all I could do was moan in ecstasy.

Next his hand went beneath my short skirt, hooking a finger around the gusset of my now-damp panties and rubbing at my swollen pussy lips. I let out a soft groan of protest, but only to play very slightly hard to get! Andrew's lips met mine again, stifling my moans and one of his fingers entered my slippery pussy, while another began massaging my hyper-sensitive clit.

In the heat of the moment I begged him to fuck me, and he clambered off me and almost ripped his clothes off. His cock stood erect and all I could do was stare at it with my mouth open. It was fucking magnificent but terrifyingly large at the same time. I managed to warn him that it was my first time, and he promised to be careful.

Andrew told me it might hurt a bit at first, then it would start to feel good, but I was so worked up by then that I didn't care! Kneeling down in front of me he slid my panties all the way off and moved on top of me until I felt his huge cock pressing against my moist hole. He lifted himself up a little, and holding his throbbing dick, he firmly spread my legs.

My senses swam as he slid his cock into my tight pussy and I felt my pussy tingle like never before. It was an amazing experience and the thrilling sensations made me bite my lip hard as his rigid manhood pushed inside my virgin hole. I gripped him tightly, wrapping my legs around his waist as he started to move back and forth inside me. I was loving it as he started to tenderise my aching pussy, pushing his hard cock further inside. Then with a squeal I felt a burning pain as he ripped through my hymen and made me a proper woman.

Gripping tightly I held on as he began to really fuck my tender pussy, making me moan aloud as his balls slapped against my arse. The pain and the pleasure intermingled, and I flew into a frenzy, tearing his back with my nails as orgasms blasted through me like thunderstorms! As I came for the third or fourth time, Andrew kissed me and I felt his swollen cock fill my virgin pussy with a warm, milky load for the very first time. But not for the last time that evening, I might add!

Name: Martin
Age: 36
From: Cardiff

Like everybody else who has lost their virginity, I will never forget my first time. It was 15 years ago, when I was 21, and it took me completely by surprise.

I'd never had much luck with girls because at that time I simply didn't know how to talk to them. As soon as I got close to a girl I found attractive I would turn to jelly, and if I got close enough to actually talk to them my mouth would dry up and I wouldn't be able to think of a thing to say that didn't sound like I was a total moron.

So on my way to the party that was going on that night, I decided to not even try to pull but to just have a good time, drink myself stupid and not give a damn about the consequences. Of course, it's easy to say you're not going to bother when you haven't seen the talent on offer, and when I walked into the house it seemed like it was kitted out with wall-to-wall babes. That early in the evening, stone cold sober and short of mates, I didn't know where to look as most of the girls there were wearing the skimpiest of clothes – it was all legs, waists and cleavage! But as the evening progressed more of my friends showed up and I drank more than enough to develop a bit of dutch courage. Not enough to make me actually try it on with anyone, but enough to chat with a few girls, at least.

By four in the morning the party was most definitely winding down, and although I hadn't actually copped off with anyone, I had managed to spend some time in the company of a few gorgeous girls without making a complete tit of myself. I was too drunk to stagger back home, so I found an empty bed (amazingly) upstairs and stripped down to my pants and T-shirt before slipping in between the sheets, conking out within minutes of my head hitting the pillow.

The next day, sometime in the early afternoon, I woke up with a thumping headache and rolled over agitatedly. Only I was no longer alone. There was another body in the bed beside me. My first thought was that it was one of my mates who didn't think I deserved the bed all to myself, but then I saw a bare shoulder above the line of the duvet and couldn't quite believe that any of the blokes I knew had such nice skin, nor such rounded shoulders. 'It's a girl!' said my brain. It took all of three seconds for my brain to communicate what was going on to my dick and then all of a sudden I had hard-on big enough to sink the *Titanic*.

I lifted up the duvet enough for me to see that there was indeed a girl asleep beside me and that all she had on was a pink bra and panties. I admit, I panicked. I struggled to remember the night before, but I was absolutely sure that when I'd got into bed I was alone, so how did she get here?

Just as I was running the evening's events back through my mind she shifted and I lay back down and closed my eyes, thinking it better if she woke to find me still asleep beside her. She rolled over till she was facing me and draped her arm over my chest, raising her naked leg over my thigh. The feeling of this fit young girl's naked flesh on mine made my dick throb with desire, but there was nothing I could do.

> **"I stroked her slit and was thrilled to find she was drenched with pussy juice."**

She raised her leg higher until her knee knocked against my straining cock. Then, unbelievably, her hand wandered down my chest, over my stomach and onto my erection. Now, it seems obvious that this meant she was well up or a fuck, but back then, in my virginal state, I didn't know what to think. Was she still asleep and unaware of what she as doing? Did she, in her half wakefulness, think that I was her boyfriend and she was in her own bed? If she woke up now and found me beside her, my hard cock separated from her hand by nothing but the cotton of my pants, would she freak out and scream the house down?

When her fingers slipped inside the waistband of my briefs and sought out my cock for real, I realised that she was most definitely awake, but I still didn't know if she knew it was me she was wanking off.

"Looks like you're awake now," she whispered in my ear, and as I opened my eyes and turned my head to hers she kissed me, slipping her tongue into my mouth. "I wanted to do this last night but when I got up here you were already asleep," she said, pulling my pants down further.

She didn't need to say any more – I wrapped my arms around her and struggled to undo her bra. Once it was open, my hands sought out that soft, ripe flesh of her breasts, cupping them and kneading them, squeezing each nipple as she continued to kiss me and grope my shaft. It was so hot that I was right on the edge of coming and ruining everything, but trust a woman to know intuitively when to hold back, she stopped wanking me off and lay on her back, waiting for me to take control.

I rolled over and she took my hand, leading it on a path own her body until she left it, fingers tracing the top of her panties. They didn't stay there for long. I was far too inexperienced to stuff my hand inside her knickers straight away, even if she had been gripping my dick moments ago, first I cupped her snatch and felt her pussy through her panties (still one of my favourite things to do with a woman to this day). With my index finger, like I'd seen them do in so many porno videos of the time, I stroked her slit and was thrilled to find her so wet that her crotch was drenched in pussy juice. She peeled her own panties off and put my hand back on her mound and my index finger slipped deliciously inside her. If you tried to explain to an alien just how good it feels to put your finger inside a tight,

moist, warm vagina, you'd be there for a month of Sundays, but I know all of you will remember those early days when getting your hand inside a girl's knickers was one of the greatest pleasures you've ever experienced and I envy all the young lads today who are still finding their way around a woman's body.

I put another finger in and she stopped kissing me, arched her back and began to make these little, gasping, mewling sounds. I fingered her like this for a few minutes, watching her face and hoping to God that I didn't go and blow my load all over her thigh.

Soon after, she took my hand away and rolled over until she was right on top of me, my cock between her legs, my helmet brushing against her buttocks. Then I remembered I didn't have a condom and became afraid that after all this I wasn't actually going to fuck.

"I haven't got any protection," I murmured, but that didn't stop her.

"I'm on the pill," she giggled, sitting up and pulling my cock out from behind her. Looking down, I could she her labia wrapped around either side of my shaft as she rubbed herself against me, my bell end teasing her clit, and then the whole world seemed to disappear as finally she eased my dick inside her hole and sat slowly down on my shaft. She was tight, tight enough for it to be slightly painful, the walls of her pussy opening up slowly with every millimetre of my cock that it engulfed, but as soon as I was all the way in, it felt like this was the only thing I had been born to do.

I probably lasted all of twenty seconds that first time, but those were the best twenty seconds of my then life and I still, to this day, remember vividly the feeling of her toned buttocks clenched tightly in my hands as I thrust up as hard as I could against her grinding. If she was disappointed she hid it well, and being young, dumb and full of come, I was ready to go again about a minute later, and I pride myself on the fact that I did in fact make that girl come, though that might have to do with the fact that I spent more then half an hour fingering her senseless.

Afterwards, she told me to wait in bed for her as she got dressed in front of me (another unforgettable sight). I presumed she was going downstairs to find us something to eat or drink, but she never did come back, and when I finally ventured downstairs to see what was going on she wasn't there. Nor did any of my mates know who she was. I never saw her again, except in my dreams, but I'd like to thank her for a most unforgettable morning and for taking my virginity just when I thought it was never going to happen.

Name: **Katherine**
Age: **47**
From: **Cambridge**

My first ever sexual experience happened many moons ago, when I was hitchhiking round Europe with a girlfriend. I know, it's not the sort of thing I'd recommend for a young girl of 20 in this day and age, but back in those days it was fairly common practice.

Anyway, my friend Penny and I were working our way down through Greece when we found ourselves about 30 miles away from Delphi, which we figured was worth a visit. So we headed out to the main road and started thumbing. It wasn't long before a rather battered Opel pulled up, and the most gorgeous man I'd ever seen grinned out of the window at us.

Christos (he called himself Chris) was a student, and spoke near fluent English, and when we told him we were heading for Delphi he offered to be our guide for the afternoon, and we happily took him up on his offer. He knew a lot about the site, and combined with the magical scenery and beautiful the whole day was fantastic.

After we'd done with the ruins we decided to pick up a bottle of retsina and some provisions and go for a picnic in a secluded spot he knew, and as the wine flowed I started to feel an overwhelming desire coming over me. At the same time I was quite rational, though, and I remember thinking to myself that there couldn't be many better places to lose your virginity than on the sun-kissed slopes of Mount Parnassus.

> **"It felt huge in my hand, and it gave a throb as I closed my fingers round the thick shaft"**

Of course I couldn't really do anything with Penny there, but by about 4 o'clock, after a few glasses of wine, she was stretched, dozing in the shade of a tree.

Chris and I just looked each other – the tension was unbearable, until I could stand it no longer. Leaning forward, I kissed him on the lips, and seemingly within seconds we were snogging furiously, our limbs wrapped round each other's in a passionate embrace.

I could feel the swelling of his prick against my thigh, and, not knowing how long we might have before Penny stirred, decided that we'd better not waste to much time. Reaching down, I stroked it for a moment through the denim of his jeans before unbuttoning his fly and reaching inside. It felt huge in my hand, and I felt it give a throb as I closed my fingers round the thick shaft. I felt my pussy moisten as I thought that this lovely cock would soon be inside me, and without any further ado I stood up and scrambled out of my clothes.

Chris followed suite, and I couldn't take my eyes of his lovely stiff prick as he stood there in front of me. I was about to take him in my mouth when Penny rolled over and made a slight murmur, which prompted me to hurry things along.

"Quick," I said, lying down on Chris's blanket and pulling him to me. I was a bit apprehensive, but at the same time I wanted him inside me so much I couldn't wait any longer.

Looking me in the eye, Chris lowered himself onto me, and I reached down between us, guiding hid thick took between my tingling pussy lips. I braced myself as he slowly entered me, easing his way inch by inch into my quim until he was finally lodged. No hymen splitting pain to worry about – I suspect that years of horse riding when I'd been younger might have taken care of that – so there was no way Chris could have known it was my first time. Thankfully, though, he was a considerate lover, and thrust gently to begin with, grinding the base of his penis deliberately against my clitoris until, almost despite myself, I found myself shuddering through my first cock-induced climax.

He followed shortly afterwards, pulling out in time and sending a thick spurt of his come over my belly – I was surprised by just how much sperm there seemed to be. Still, mindful that Penny could wake at any moment I got cleaned up quickly and dressed, and it wasn't long after we were respectable that she did indeed wake.

Chris gave us a lift back to town that evening, and slyly gave me his number in case I happened to be in those parts again. Sadly we never were, but I'll never forget that first fuck. It was a quick one, but it was a good one too!

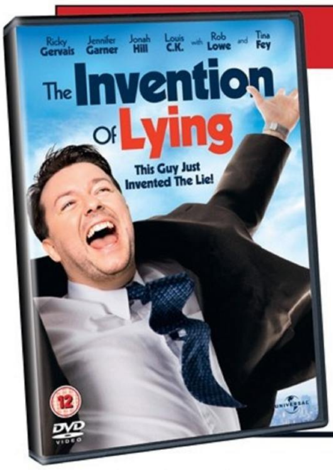
LIFE ON MARS (US VERSION)

The Beeb scored a massive hit when it aired the original *Life on Mars* a few years back, with Philip Glenister's DC Gene Hunt's old school chauvinism quickly seeping into the nation's psyche and spawning a sequel in the (somewhat less satisfying) *Ashes To Ashes*.

But what about the American remake? Well, with The great Harvey Keitel taking on the Glenister role, they were clearly pulling out all the stops in an attempt to replicate the success of the UK version (in fact both Glenister and John Simm, as the main protagonist Sam Tyler, were asked to reprise their roles), and by and large the series works well. OK, so for British viewers the fun to be had from observing Tyler's (in the US version played by Michael Imperioli) modern take on 1970s' mores are a bit diminished given the transatlantic skew, but even so it still works very well as a drama, and let's face it, we've all seen enough American cop shows to be able to laugh at the touches of pastiche.

There are, aside from the nicely recreated New York setting, a few major differences from the UK version, not least the relationship between Hunt and Tyler, and the way the series resolves its time-travelling story arch – in fact fans of Philip K. Dick may well feel a faint whiff of recognition once the ultimate explanation is revealed. *The American Office* has shown that remakes can be equally as rewarding as the originals, and if you come to this without any preconceptions you should be pleasantly surprised.

THE INVENTION OF LYING

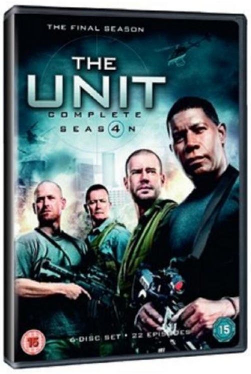


Ricky Gervais, when he's not appearing on Jonathan Ross's chatshow, seems to have made the leap from small-screen celebrity to full-on Hollywood stardom! Why he even hosted the Golden Globes recently, and he's getting starring roles now, rather than sub-David Brent bit parts.

This flick represents his biggest step up to the plate yet. It's a bit of a religious satire, really, in which Gervais plays the first man to come up with the idea of telling an untruth. Quite how society's supposed to have evolved without the odd fib is a bit moot, but suddenly Gervais's Mark Bellison is being hailed as some sort of Messiah for telling people what they want to hear – especially after dreaming up the idea of heaven to comfort his ailing mum.

OK, there's an unnecessary rom-com element thrown in as well, but overall this is a smart enough offering from Gervais and co.

THE UNIT - SEASON 4



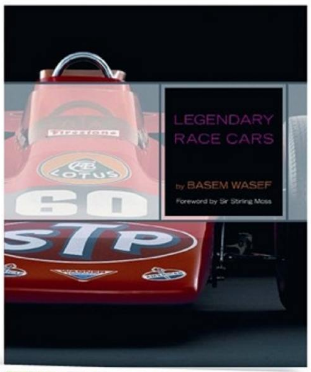
Heh-heh! *The Unit*'s got quite a funny name, hasn't it? Ahem, not that it's a comedy or anything! In fact the show really ought to be called Delta Force or something, if only that film hadn't gone and got there first.

The Unit in question is a counter-terrorist outfit and, what with this show having originally aired between 2006 and 2009, they've had their hands full.

Whereas a lot of shows have detailed the rather muscular exploits of one government agency or another, *The Unit* marks it out as something a bit different by concentrating (almost) as much on the characters' back stories, insofar as the families of the members of the unit are all centre stage a lot of the time. Given that fatalities are pretty inevitable in this line of work, that makes for a fair bit of dramatic potential.

Viewers in the UK will only have seen *The Unit* via a selection of rather small channels (most recently Virgin 1), so for most of us this'll be new, and if you fancy a dabble, we've got 3 sets to give away! Just tell us how many units of alcohol you'd expect to find in a standard measure of sherry! Answers to Mayfair's Unit Awareness comp, please, on or before March 19th!

LEGENDARY RACE CARS

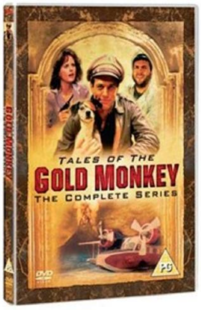


There are plenty of books featuring hundreds of photos of classic motors (and things), but Classic Race Cars, published by Motorbooks for £22, is a slightly different kettle of fish. There are only 25 cars featured, but instead of just a piccie or two, each car gets a full-on write up over several pages, illustrated with several photos, so basically this is a book for people who've got a genuine interest in the subject.

As Sir Stirling Moss points out in his introduction, there are always going to be debates about what the finest 25 cars have been over the years, and everyone's likely to feel that one or two of their faves have been left out, but all in all the 25 that make the cut look like a pretty fair selection to us, with the range stretching from 1911's Marmon Wasp through the Jaguars of the 50s and right up to Ayrton Senna's McLaren MP4/4 and Schumacher's Ferraris.

And in keeping with a comp-tastic issue, we've got copies to give away to 5 lucky readers who can tell us what kind of car Colin McRea's 555 was. Answers to Mayfair's Motor Madness at the usual address, by March 19th, please!

TALES OF THE GOLD MONKEY



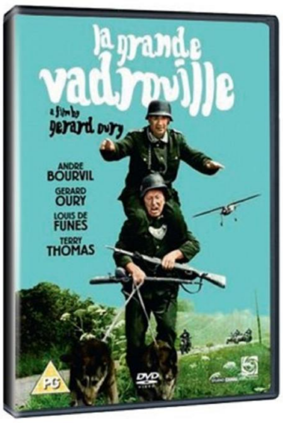
Yikes, this one takes us back a bit! Cast your minds back to the early 80s, when the original Indianna Jones film had sparked an interest in the whole 1930s adventure gig.

Stephen Collins starred as pilot Jake Cutter, who plied his trade flying a seaplane round the exotic South Pacific, transporting cargo and people about hither and thither while at the same time ending up in one cliff-hanging scrape after another involving fortune hunters, Nazis and the like.

OK, given it's more or less prime time credentials it's a fairly gentle affair, but that didn't stop it attracting quite an audience, all eager to find out where Jake would be heading from the Gold Monkey bar (proprietor Roddy McDowell) every Monday evening! Remember it yet?

We're not sure why it's taken quite so long to come to DVD, but here it is at last, lovingly presented with all 21 episodes in this box, and if you want to jog your memory, we've got 3 copies to give away! Just tell us the name of the Roddy McDowell's most famous monkey character and send your answers to Mayfair's Monkey Business at the usual address to reach us no later than March 19th.

LA GRANDE VADROUILLE



Terry-Thomas was pretty well a British Institution during the height of his career, which spanned the birth of TV in this country right up to the mid-60s, and while we all know about his classic performances in the likes of *School For Scoundrels* and *Private's Progress*, hands up who new that he'd co-starred in the highest grossing film in France until *Titanic* crashed onto those Gallic screens. Quite. *La Grande Vadrouille* is pretty well unknown in T-T's home nation, despite its steller success across the channel, but then it was probably never going to be huge over here, given that it was primarily a vehicle for two of France's biggest comedy stars at the time, Bourvil and Louis de Funés.

It's basically a WWII caper in the style of *'Allo 'Allo*, in which T-T plays the pilot of a bomber that crashes near Paris, forcing the crew to bail out right over the city. Of course the Germans try to ensnare the trio, but thanks to some general Nazi ineptitude and the help of some plucky locals they finally escape the Hun's clutches!

A must have for T-T fans, this is an interesting curio from a time gone by and is worth a look…

Well here we go – another newbie, and from where we're sitting this lady looks like she's just our cup of… oh dear me no – we're not going to start making loads of lame 'tea' puns. Her name, she pointed out adamantly, is pronounced "Taya", and when a lady's prepared to get out of her clothes for your delectation, making cheap shots about her name is poor form!

Anyway, Tea was so eager to please during this shoot that thinking up puns was about the furthest thing from our minds. Can you guess what we were actually thinking about instead, I wonder…?

Mayfair Movies

Once again we've waded through all this month's new releases to bring you the pick of the crop – and it's this lot.

Ashlynn Brooke's Lesbian Fantasy

Digital Sin

Cast: Alyssa Reece, Ashlynn Brooke, Franziska Facella, Jesse Capelli, Mason Moore, Tori Black, Yurizan Beltran.

Though initially confused by the title – I was under the impression that I was to review *Rupert Brooke's Lesbian Fantasies*, featuring a selection of the long-dead poet of the trenches' unpublished odes praising girl-on-girl action, such was the quality of Ashlynn's Sapphic sophistry that I rapidly overcame my disappointment.

Oklahoman Ms Brooke appears in four of the five scenes on this deliciously dirty disc – even once or twice the right way up. Despite being only a woman, she even directs the flick; a tremendously modern and progressive achievement which constitutes one in the eye for those who still hold that the lesser sex have yet to prove themselves worthy of emancipation.

First up to be lezzered is the lovely Alyssa Reece. When Ashlynn slips under the covers with her early one morning, all Alyssa can think about is that today's the day she goes for her weekly foot massage. Cunningly, Ashlynn manages to convince Alyssa that she's a foot massage expert, using the ruse to work her way up the dopey dreamboat's body from her ankles to her cunt. Then the snacking and rolling around wailing "Oh yeah, your pussy's so wet!" and "My pussy's so wet too," begins. Phwoar.

Then, before we can say "Jack Offinson", Ashlynn is taking a break from shaving her fanny to wrestle exotic female queer Miss Yurizan Beltran *(Yeah! – Ed.)*, warbling in delighted astonishment when the latter bangs a glass dildo up her box.

Ashlynn's other adventures include a piping hot session with Franziska Facella, whom Ashlynn has cleverly arranged to tutor privately in order to seduce the young college bint. Unsurprisingly, Franziska doesn't take much seducing, cheerfully launching into a leisurely striptease until she's left standing in the buff but for a pair of white stockings. Ashlynn counters with a series of smoking moves in black lingerie, then their mouths, fannies, arseholes, lips, labia and tits are everywhere… a bit like after an explosion.

Highly recommended for men who fancy becoming women so they could try some lesbiary. ★★★★☆

Stiff Competition

Joy Bear Classics

Cast: Gina Carerra, Cyndee Summers, Bridgette Monet, Patti Wright, Ron Jeremy, John Leslie, Herschel Savage, Kevin Jones, Paul Thomas, David Cannon.

Joy Bear have been remastering and reissuing these golden oldies for a while now, and seeing as we've got a soft spot for porn gone by, we figured it was about time we stuck one on the machine and gave it a proper going over.

Things kick off very nicely, with a toppermost synth soundtrack seeing us in. Could it actually be *The Terminator*? Oh, no – there are a couple in the back of a limo, engaging in some rather stodgy dialogue as they head off to some sort of seedy nightclub. What's going on here? They're taking bets – could it be a cockfight? Oh no, it's a cock-sucking competition! A curly haired flamper (Bridgette Monet, by our reckoning) is soon going to town on a pretty thick cock, trying to beat a record time of some sorts, but all of a sudden she gets the hump and runs off, much to the chagrin of all the punters!

Well so much for that film, then, but what's this? – covergirl Gina Carrera steps into the breach and proves she's the BJ Queen by teasing out a load in next to no time! Unfortunately this appears to put Bridgette's nose out of joint somewhat, she phones the oral champ (erm, Cyndee Summers?) and spills the beans – and the scene is set, although not before the reigning champion gets a nice, hairy boning in her ginger snatch…

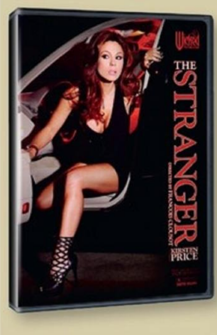
It turns out there's $50,000 (and that's in old money – that's probably more like $2m these days!) for whichever girl can suck the meanest dick, and Gina likes the sound of that – so much so that she let's her new beau slurp out her furry minge before he gives her a good pronging and another creamy facial. To be perfectly honest, we're already fancying this broad for the big bout, but who knows, maybe this film'll have a surprise or two up its sleeves…?

With the scene set for the big suck-off, we head (see what I did there? No? Oh never mind) to Vegas for a boxing ring blow-out, where our girl comes through the heats to triumph!

Classic BJ action from start to finish, so if you liked *Rocky* but wanted more noshing, this'll do you nicely! ★★★★★

The Stranger

Wicked



Cast: Kaylani Lei, Kirsten Price, Penny Flame, Samantha Ryan, Chris Cannon, Rocco Reed, Tommy Gunn.

Director Francois Clousot (apparently no relation to the idiot French rozzer) herewith brings us a full-length filth feature penned by porn harlot Melissa Monet.

Condoms are used throughout, but, to be fair, only on penises. This may still put some punters off, but tough: Earth can only support so many hundreds of million more accidental porn babies.

The eminently fuckable Kirsten Price portrays Tina, a hard-working 9 to 5er who dumps her dull boyfriend to take up with a man of mystery who leaves strange presents for her at her workplace and bewildering messages on her computer. Yes, indeedy, "The Stranger" is inviting her into his mysterious realm, and she will follow no matter down what ghastly path he leads her.

In the real world, of course, this brand of sexual infatuation would lead to her body being found in a wood by John Nettles in *Midsomer Murders*, but this is adult entertainment and so the worst result in prospect is that she'll be gangbanged or something similar.

And so it proves. The Stranger leads Tina into a mysterious chamber to watch Penny Flame sucking and fucking shady knobsman Chris Cannon. When she turns to ask why he has shown her this stuff, he is gone – on account of being mysterious.

The following day, Tina receives a package at work. Inside is a fancy bra and knickers set and instructions to meet The Stranger at a hotel. But, when she arrives, he isn't there! Instead Samantha Ryan shows Tina some highly erotic video footage of The Stranger knobbing yet another of his conquests and the encounter ends up in a bitch-slapping contest which soon deteriorates, as they tire, into lesbian snacking and fingering.

The mystery deepens, and each time it does, the action gets hotter. Eventually, Tina is blindfolded and led into a darkened office where she hopes to learn the ultimate secret: the Stranger's identity. He shags her in every orifice he can think of, then flees with his knickers round his ankles before she can guess who he is. D'oh!

A nice plot and some top knobbing make this one eminently watchable. ★★★☆☆

Movie of the Month

Bad Girls 2 Digital Playground

Cast: Angelina Armani, Diamond Kitty, Nina Leigh, Nicole Ray, Riley Steele, Johnny Cuba, Mick Blue, Mr. Pete, Scott Nails, Tommy Gunn.

The second dose of what is shaping up to be an excellent series sees yet more gorgeous ladies who, if not exactly "bad to the bone", are decidedly promiscuous.

First "bad girl" onscreen is top-heavy temptress Diamond Kitty, who sashays home, drops her skirt and blouse and is consensually surprised from behind in only her knickers by a masked intruder with his dick out. The burglar has been rummaging through her drawers, sniffing her skimpies, but before he can make his move, Kitty spins like a huge-titted ninja; they struggle and crash together onto the bed. After that, it just gets nasty.

Angelina Armani demonstrates that she can simultaneously suck cock and talk dirty when she throws her sex toys out of her pram with lazy boyfriend Pete, and the two become involved in what resembles (at times) a fight to the death, with Angelina apparently trying to stab her beau repeatedly in the nuts with his own rigid cock, while Pete treats her knockers like punchbags – the kind you slap gently, then fondle and suck. He also has a go at wringing her neck before she mollifies him by adopting the piledriver position and tipping him the naughty nod.

Stunt-cock Scott Nails does the job on bitchy Riley Steele with some hands-on assistance from nude henchman Mick Blue. Despite the poor odds, Riley (who claims she hasn't done anything like this before) proves well up to handling a two-pronged attack, and, in fact, survives until the end of the scene. She may be living still, but it's hard to see how she could have clawed a breathing hole in the huge dollop of gluey spunk the boys plaster across her nose and mouth. Terrific. ★★★★★

Antonia

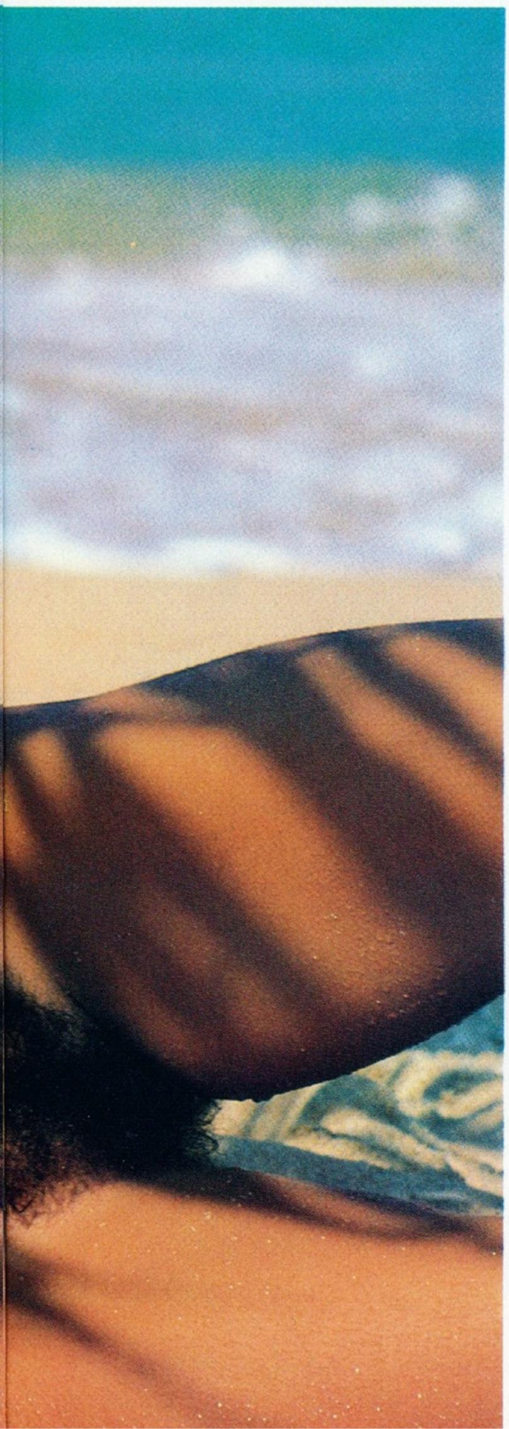
PHOTOGRAPHED BY MICHAEL MOORE

It was pouring with rain, and a force eight gale was blowing in from the sea at the south coast town of Worthing. A bedraggled Antonia Bell hauled her shopping through the front door, then had to leave it whilst she rushed to answer the phone. Still in her sodden raincoat, her hair plastered to her face, the 21-year-old heard a voice say, 'Hello, Antonia, how do you fancy a week in Barbados?' It was photographer Michael Moore, and precisely one week later Antonia was sunning her 36-23-35 frame on an exotic beach prior to this set. 'That's what I like about modelling,' said Antonia back at home, and looking out of place with a deep tan in the wintry resort. 'It's so spontaneous. Anything can happen, and I do like the unexpected.' That is precisely why Antonia gave up a very safe, but she claimed 'deadly dull' job at the bank to appear in front of the camera. 'And I like a laugh,' she said.

MAYFAIR Classic

It's around this time of year that some of the more humdrum magazines on the shelf start their readers fretting about how shabby they're going to look on the beach come the summer and suggesting ways to remedy the problem. Well we'd like to think that in the dim and distant days of 1986 Antonia didn't have anys such anxieties! Let's face it, she seems to have got the knack of looking alright on the beach without anyone else's help – except, perhaps, the help of those mysterious other naked girls who liked to carry her around from time to time…

'Honestly, I think I had to resign from the bank before they sacked me,' Antonia told us. 'Not everybody shared my sense of humour.' Apparently, the branch manager didn't take too kindly to her prank last Christmas. 'I was just trying to prove that stuck behind a desk all day, it didn't matter what you wore from the waist down,' she said. So, she served customers wearing a demure jumper up top, with black knickers, stockings and suspenders below – and nothing else. 'How was I to know the cash dispenser would run out?' she smiled with mock innocence. 'Somebody had to go out and fill it. I was volunteered . . .' No wonder her modelling potential was spotted, and she claims to be prepared for anything.



In fact, when Antonia arrived in Barbados, Michael had a little surprise for her. Some of her best friends in her new career had come along too, so it turned out to be a riotous week. One of them will be recognised by sharp-eyed *Mayfair* readers. It's Kim Clark, the 36-24-35 beauty from Vol 19 No 8, on the left of the group holding Antonia in the bottom picture. 'They said "You're the star this time,"' Antonia laughed, 'and started larking about. If people tell you models are catty, they're lying.' That night the town rocked to the girls' antics. 'No man was safe,' joked Antonia, 'even Michael. After this shot we ganged up, and threw him in the sea – clothes and all. But he's a good sport.'

WHAT IF...

...often-drunk Wild West show pistolero Annie Oakley had been just a fraction more sloshed and had missed the cigar in Kaiser Bill's mouth when she shot at it at his command in 1889 – and accidentally blown his head off instead?

Annie, lauded throughout all America and Western Europe at the time for her incredible skills with a Colt .45 revolver, was touring Europe to great acclaim with Buffalo Bill's Wild West Show. When the Show played Berlin's Charlottenburg Race Course, Annie asked the audience if there were any volunteers willing to hold a cigar between their teeth so she could shoot it. This request usually met with no takers save for her husband, Frank Butler, who was part of the act, but on this occasion the young psycho Kaiser leaped from the Royal Box and strutted out into the arena, demanding that he should brave the young woman's bullet.

Perspiring and trembling in her buckskins, Annie aimed and fired, wrecking the cigar. If she had missed and struck Kaiser Wihelm II in the napper, however, the entire course of history would have been changed. Without the deranged militarist at the helm, Germany would not have pursued his insane and aggressive policy of Weltpolitik that culminated in World War I. And without the Great War there would have been no lunatic Third Reich driven by the humiliation of defeat. Since her decisive role in the Great War was what established America as a superpower and humbled Tsarist Russia to the point where successful revolution was inevitable, the entire face of the Western World would be different, with Britain retaining her empire for many decades into the 20th century.

Years later, after the Great War erupted, Annie realised her blunder and wrote to the Kaiser asking for a second shot at his cigar (and after a few more whiskeys). She was still waiting for a reply from the arrogant spikey-helmeted fiend when she passed away in 1926.

CONSPIRACY CORNER

Some conspiracy theorists believe that the "real" Paul McCartney is dead, the victim of a 1966 car accident, and that he was replaced by a doppelganger.

Believers allege that on the morning of Wednesday, 9 November 1966, McCartney stormed out of a recording session, driving off in his Austin-Healey, which he then wrapped round a lamp-post, dying at the scene.

Believers point to "proof" that this happened in some of the Beatles' songs. McCartney was secretly replaced with the winner of a McCartney look-alike contest: one William Shears Campbell… Billy Shears, according to the album's title track, being the name of the fictitious leader of the Lonely Hearts Club Band. They also reference the lyric in A Day In The Life - "He didn't notice that the lights had changed" - and the sound of a crash.

But the strongest evidence, according to conspiracy loons, is the funeral procession for Paul held days after his demise, which was later recreated with the "new Paul" on the Abbey Road album cover. Lennon is dressed in white, they say, like an American evangelist. Ringo wears black, like an undertaker, The replacement Paul is without shoes like a corpse at the morgue and George Harrison wears denims, ahem, "like a gravedigger").

Some buffs even believe that Lennon can be heard saying "I buried Paul" in a slow, deep voice over the final refrain of Strawberry Fields Forever.

ETIQUETTE FOR THE BEWILDERED

Struggling to get to grips with life in the 21st Century? Fear not – we've got all the answers in our A-Z of etiquette dilemmas.

E is for Extreme Makeover...

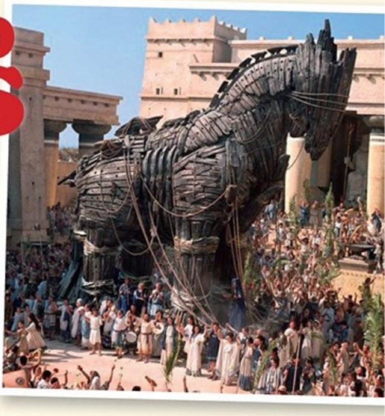
Having an extreme make-over is a must these days if we want to keep up with the Joneses. We are no longer restricted by mother natures cruel jokes and as often as not we can just choose a new look and take out a second mortgage to pay for it.

With the popularity of shows like *Pimp My Ride*, *The Swan*, and *Extreme Make-Over UK* the country has moved on from DIY home improvement shows, where putting up a shelf was as good as it got. You can now have the fittest looking wife/car, in the street or even make yourself appear vaguely pleasant!

These days advertisements for enhancement surgery run side by side with commercials for washing powder and car insurance. It is now seen as a must to look better than our best, and for the price of a modest three-bed semi you can have the girlfriend overhauled to resemble your favourite porn star.

The only snag is that you must have deep pockets. In the immortal words of Dolly Parton: "You'd be surprised how much it costs to look this cheap!"

HOLLYWOOD FOLLIES



Goofs, accidents and cock-ups are as much a part of the half-assed world of Hollywood as poor storylines and bad acting, with the most awful oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.

TROY (2004)

When the Trojans flee inside the walls at the arrival of the Greeks, the viewer may be interested to see a number of llamas – creatures exclusively native to South America (a land-mass not discovered for thousands more years). The gaff is partly due to the fact that due to the situation in Iraq, the location for scale shots was switched from Morocco to Mexico, where film-makers found an ideal alternate location with a very broad beach. The only problem was that parts of the beach fell into the sea during filming, endangering the mock-up Greek fleet.

When Achilles plans to take the beach with only 50 men is being scoffed at, watch the camera pan down and you'll see a man dressed in blue shouting into a metal megaphone. There are also blokes in black and white T-shirts lining the route as the Wooden Horse gets yanked inside the city walls later in the flick.

Then there's Achilles' death scene. Achilles is walking on the left side of the large grassy area when he is hit with the third and fourth arrows in close-ups, but his position on the grass and in relation to a dead soldier and a nearby statue keeps changing, so that he ends up lying on the right side of the grassy area. Sillier still, the number of arrows sticking in him also changes, with one of the arrows in his chest disappearing for a while then coming back.

Finally, always good for a laugh is the sequence where one of Achilles' men is struck by a fiery arrow and pitches forward onto his knees and his long black curly wig falls off revealing short light brown hair beneath.
